

CAFETERIA FURNITURE – COFFEE COLLECTION HOPPER

| | |
|-----------------|---|
| 880 106 C --D | Coffee hopper and drawer – mm. 1000x600x1102h |
| 880 107 C --D | Coffee hopper and drawer – mm. 1000x700x1102h |
| 880 126 C --D | Coffee hopper and drawer – mm. 1250x600x1102h |
| 880 127 C --D | Coffee hopper and drawer – mm. 1250x700x1102h |
| 880 106/7 B --D | Coffee hopper – mm. 1000x600/700x1102h |
| 880 126/7 B --D | Coffee hopper – mm. 1250x600/700x1102h |

Line of coffee collection hoppers in satin scotch-brite AISI 304 stainless steel equipped with a dreg drawer and a collection hopper underneath. The "C" version has also been equipped with a normal, stainless steel drawer.

In addition to the collection hopper, the bottom can be either open or fitted with a hinged door. In the standard version, it is supplied with adjustable legs that can be replaced with closed or open stainless steel wainscoting.

The standard model is available complete with an upper stainless steel top with a 60h splash-back, wiring hole and finishing boss.

CAFETERIA FURNITURE – COFFEE DRAWER AND DRAWER

| | |
|-----------------|--|
| 880 106 2 --D | With divider – mm. 1000x600x1102h |
| 880 107 2 --D | With divider – mm. 1000x700x1102h |
| 880 126 2 --D | With divider – mm. 1250x600x1102h |
| 880 127 2 --D | With divider – mm. 1250x700x1102h |
| 880 106/7 2 --S | Without divider – mm. 1000x600/700x1102h |
| 880 126/7 2 --S | Without divider – mm. 1250x600/700x1102h |

Line of cafeteria furniture in AISI 304 scotch-brite satin stainless steel equipped with a drawer with dreg bar and a normal stainless steel drawer.

The bottom part can be customised to suit individual needs, using a combination of the following: a central divider, open spaces, a hinged door closing either on the left or right, and tilting dustbin hopper.

The standard model is available with adjustable legs that can be replaced with open or closed stainless steel wainscoting, an upper stainless steel top with a 60h splash-back, and a wiring hole with a finishing boss.

CAFETERIA FURNITURE – RIGHT COFFEE DRAWER

| 886 12 6/7 S | Left coffee drawer - mm. 1250x600/700x200h |

Top compartments in satin scotch-brite AISI 304 stainless steel equipped with a drawer with a dreg bar positioned either to the left or right of the operator, which is coupled with a normal stainless steel drawer in the version with two drawers.
The standard model is available with an upper stainless steel top without a splash-back, a 70 mm wiring hole and a finishing boss. Top compartments can be customised with tops with 60h splash-back.

OPEN WORK BASE AND STORAGE BASE

| | |
|------------|--|
| 83 4 -- -5 | Open compartment - mm. LxDx700+160h |
| 83 5 -- -5 | With sliding doors - mm. LxDx700+160h |
| 83 1 -- -5 | With couple of shutting doors - mm. LxDx700+160h |
| 83 1 50 -5 | With single shutting door - mm. 500xDx700+160h |

An ample range of cafeteria furniture is available with our line of neutral bases designed in AISI 304 scotch-brite satin stainless steel. These can be completed with our own stainless steel tops or with tops in other materials.
All of the models are fitted with a reinforced, adjustable middle shelf and - in the standard version - with adjustable legs that can be replaced with open or closed stainless steel wainscoting. The doors can be either sliding doors on guides with ball bearings or hinged with internal adjustable hinges.

BASE WITH CHEST OF DRAWERS AND BASE WITH TILTING HOPPER

| | |
|------------|---|
| 82 3 50 -5 | Chest of drawers with 3 drawers - mm. 500xDx700+160h |
| 82 4 50 -5 | Chest of drawers with 4 drawers - mm. 500xDx700+160h |
| 82 6 49 65 | Pizza dough balls with 6 drawers - mm. 490x650x700+160h |
| 83 6 50 -5 | Waste tilting hopper - mm. 500xDx700+160h |

Our cafeteria furniture can be used in a wide-ranging composition with our line of chests of drawers and hoppers designed in AISI 304 scotch-brite satin stainless steel.
These can be completed with either stainless steel tops supplied by us or tops in other material.
The drawers slide on stainless steel guides with bearings. The dough ball drawer has telescopic stainless steel guides and is equipped with an internal container in white polyethylene. The tilting dustbin hopper is easy to extract for accurate cleaning.
In the standard version, all of the models are fitted with adjustable legs that can be replaced with open or closed stainless steel wainscoting.

CORNER STRUCTURE

| | |
|------------|---|
| 89 1 -- -5 | Open compartment - 90° corner - mm. RxDx700+160h |
| 89 1 -- -5 | Sliding doors - 90° corner - mm. RxDx700+160h |
| 89 1 -- -5 | Shutting doors - 09° corner - mm. RxDx700+160h |
| 89 1 -- -5 | Open compartment - 270° corner - mm. RxDx700+160h |
| 89 1 -- -5 | Shutting doors - 270° corner - mm. RxDx700+160h |

An ample range of neutral corner structures in AISI 304 scotch-brite satin stainless steel that can be completed with either stainless steel tops supplied by us or tops in another material, so that open and storage bases, chests of drawers, tilting dustbin hoppers and dough ball drawers can be connected in an imaginative and versatile manner.
All of the models are fitted with a reinforced, adjustable middle shelf and - in the standard version - with adjustable legs that can be replaced with open or closed stainless steel wainscoting. The doors can be either sliding doors on guides with ball bearings or hinged with internal adjustable hinges.
