

DUSTBINS

MN/PD 50	Dustbin 50 Lt – mm. Ø 400x615h
MN/PD 70	Dustbin 70 Lt – mm. Ø 400x720h
MN/PD 90	Dustbin 90 Lt – mm. Ø 400x855h
PS 70	Bag holder 70 Lt – mm. Ø 475x850h
CQ 50 POL	Drum with lid and trolley – mm. Ø 530x900h

The dustbins are very sturdy, liquid-tight and have wheels, lids and lifting handles on the sides. Version "MN" has a lid that can be opened by hand, while version "PD" has a pedal lid. The rubbish bag container has a pedal lid, is on wheels, and comes complete with an elastic rubber ring. The bin has been designed with white polyethylene with handles, just like the lid, and is positioned on a flat stainless steel trolley with wheels.

HOPPERS

T 40 I	Hopper – mm. 385x565x700h
T 41 I	Hopper with central divider – mm. 385x565x700h

The hoppers are wheeled and have rounded corners. They are completely smooth on the inside, as well as liquid-tight and supplied complete with a top lid. A version with a central divider is also available. Designed in AISI 304 scotch-brite satin stainless steel. Stainless steel guides can be applied right the table side to insert the hopper.

DINING ROOMS AND SHELVES

B 14 -- C	Dining room trolley – shelves – mm. 890x590xH – piani 800x500
B 14 --	Dining room trolley – shelves – mm. 1090x590xH – piani 1000x500
B 14 --	Dining room trolley – shelves – mm. 1090x690xH – piani 1000x600
CPS --	Shelf trolley with handle – mm. P x L x 900h
CPS 5050	Shelf dishwasher basket trolley – mm. 510x510x900h
-- P6040	Flat box holder trolley – mm. 615x415x140h

Dining room trolleys have tops with an insulated, moulded opening, 25 mm stainless steel tube frames and rubber wheels with a ring to protect them against knocks. They are available with two, three or four shelves. The shelves are made of reinforced stainless steel sheets with a 25 mm thick stainless steel tube handle and rubber wheels, and are equipped with high sides to support the material being carried, just like the flat trolley for crates. All of these trolleys and shelves are designed in AISI 304 scotch-brite satin stainless steel.

TRAY HOLDERS AND BAKING TRAY CARRIERS

GN --	1/1 gastronorm open – mm. 380x560xH
GN -- 2	2/1 gastronorm open – mm. 585x680xH
G -- V	For 410x610 trays open – mm. 470x660xH
A -- V	For 410x610 trays closed – mm. 470x660xH
84 C 20 TP	For pastry pans – mm. 450x450x1960h
84 R -0 TP	Pastry rack – mm. 450x450xH

A wide assortment of trolleys to transport baking trays and trays of every shape and size are available and are suitable for every need: food and wine, meats, bread making, baking and pastry making. All are designed in AISI 304 scotch-brite satin stainless steel with rubber wheels. The baking trays trolleys and racks are provided without assembly, while the others are fully welded. We also offer gastronorm stainless steel trays and 410x610 mm stainless steel meat trays.

FOR WORKSHOPS

L--0 T	3 smooth shelves – mm. Lx600x1650h
G--0 T	3 gridded shelves – mm. Lx600x1650h
V--0 T	3 extractable tray – mm. Lx600x1650h
P--0 T	3 dripping shelves – mm. Lx600x1650h

This line of products has been designed using cylindrical stainless steel columns with a diameter of 60 mm and 125 mm rubber wheels with a stainless steel support. They are available in 2 sizes for each of the 4 different shelf layout versions. They can be smooth, gridded, with extractable, liquid-tight trays, or gridded with vertical stainless steel sides suitable drain work equipment on the extractable collection tray located underneath. They have a capacity of 400 kg and have been designed in AISI 304 scotch-brite satin stainless steel.

MEATS

C 120 T	Meat holder – mm. 1200x600x1550h
CS 13	Tank 130h – mm. 520x700x900h
CS 20	Tank 200h – mm. 520x700x900h
CS 30	Tank 300h – mm. 520x700x900h

The meat trolley has been designed using AISI 304 stainless steel tubes with 125 mm rubber wheels and stainless steel supports. It has 5 hook bars and an extractable lower collection tray with a drain. Series "CS" trolleys have a tubular base containing an extractable, liquid-tight tray and two side handles.

SALAMIS/SAUSAGES

64 CS 210	2 levels sausage holder – mm. 1060x950x1800h
64 CS 310	3 levels sausage holder – mm. 1060x950x1950h
64 PS 112	Single rack – mm. 1160x800x2350h
64 PS 212	Double rack – mm. 1160x800x2350h
64 BP 128	Salting bench – mm. 1160x800x2350h

All designed in AISI 304 stainless steel with a particularly sturdy structure, making them suitable for use both in large sausage, cold cut and ham making factories as well as in small, artisanal workshops. The sausage trolleys have 125 mm rubber wheels with stainless steel supports and are completed with star-shaped stainless steel ribs. The salting table can be fitted with stainless steel shelves and a polyethylene block.

POLY TABLES

49Y 07007 NR	Without drawer – mm. 700x700x900h
49Y 07007 NR	Without drawer – mm. 1100x700x900h
49Y 15007 NR	Without drawer – mm. 1500x700x900h
49Y 07007 NR1	With drawer – mm. 700x700x900h
49Y 11007 NR1	With drawer – mm. 1100x700x900h
49Y 15007 NR1	With drawer – mm. 1500x700x900h

"POLY" tables are designed in AISI 304 scotch-brite satin stainless steel and have cylindrical legs with a diameter of 48.3 mm. They are also fitted with 100 mm wheels, two of which have brakes with chrome metal supports. The tables are provided without assembly, which takes place using eight 10 MA TE bolts, and come complete with a lower shelf with a central reinforcement. The drawer is optional and can be applied either on the left, right or centre of the table. The upper top is strengthened with high density polyurethane with counter-plated pre-varnished sheets and can be completed with a slot-on splash-back.
