

WITH A BOTTOM SHELF

49Y 07007 NP/AP	Normal top/splashback - mm. 700x700x900h
49Y 07007 NR	With wheels - mm. 700x700x900h
49Y 11007 NP/AP	Normal top/splashback - mm. 1100x700x900h
49Y 11007 NR	With wheels - mm. 1100x700x900h
49Y 15007 NP/AP	Normal top/splashback - mm. 1500x700x900h
49Y 15007 NR	With wheels - mm. 1500x700x900h
49Y 19007 NP/AP	Normal top/splashback - mm. 1900x700x900h

"POLY" tables are designed in AISI 304 scotch-brite satin stainless steel, with cylindrical legs of a diameter of 48.3 mm, equipped with an adjustable foot or with wheels with a 100 mm diameter (two of which have brakes).

They are provided without assembly, which takes place using 8 10 MA TE bolts, and all are complete with bottom shelf with central reinforcement.

The upper top is strengthened with high density polyurethane with counter-plated pre-varnished sheets and can be completed with a slot-on splash-back.

WITH A LOWER SHELF AND 1 DRAWER

49Y 07007 N1/A1	Normal top/splashback - mm. 700x700x900h
49Y 07007 NR1	With wheels - mm. 700x700x900h
49Y 11007 N1/A1	Normal top/splashback - mm. 1100x700x900h
49Y 11007 NR1	With wheels - mm. 1100x700x900h
49Y 15007 N1/A1	Normal top/splashback - mm. 1500x700x900h
49Y 15007 NR1	With wheels - mm. 1500x700x900h
49Y 19007 N1/A1	Normal top/splashback - mm. 1900x700x900h

Designed in AISI 304 scotch-brite satin stainless steel, with cylindrical legs of a diameter of 48.3 mm equipped with an adjustable foot or with wheels with a 100 mm diameter (two of which have brakes).

They are provided without assembly, which takes place using eight 10 MA TE bolts, and come complete with a lower shelf with central supports and a drawer that can be fitted on the left, right or centre of the table.

The upper top is strengthened with high density polyurethane with counter-plated pre-varnished sheets and can be completed with a slot-on splash-back.

WITH A LOWER SHELF AND 3 DRAWERS

49Y 11007 N3	Normal top - mm. 1100x700x900h
49Y 11007 A3	Top with splashback - mm. 1100x700x900h
49Y 15007 N3	Normal top - mm. 1500x700x900h
49Y 15007 A3	Top with splashback - mm. 1500x700x900h
49Y 19007 N3	Normal top - mm. 1900x700x900h
49Y 19007 A3	Top with splashback - mm. 1900x700x900h

Designed in AISI 304 scotch-brite satin stainless steel, "POLY" tables have cylindrical legs with a diameter of 48.3 mm equipped with an adjustable foot.

They are provided without assembly, which takes place using eight 10 MA TE bolts, and come complete with a lower shelf with central supports and three drawers that can be fitted on the left, right or centre of the table.

The upper top is strengthened with high density polyurethane with counter-plated pre-varnished sheets and can be completed with a slot-on splash-back.

ACCESSORIES

49 VAL --00	Splashback - mm. 700-1100-1500-1900 x15x100h
49 VAL 7070	Corner splashback - mm. 700x700x15x100h
PC 40	Knife holder at 2 rows - mm. 400x70x400h
PC 41	Knife holder at 1 row - mm. 400x45x400h
1C 531	Chest of drawers with 1 drawer - mm. 400x625x163h
3C 531 59	Chest of drawers with 3 drawers - mm. 400x625x590h
49Y C100 M	Wheels kit - mm. Ø 100x10 MA x127h

The splash-back, knife holders and chests of drawers are all designed in AISI 304 scotch-brite satin stainless steel and can be used to customise and make "POLY" line tables more functional.

The splash-back are boxed at the back and can also be used "open". They are slotted into normal tops. The chests of drawers have drawers that slide on stainless steel guides with ball bearings. The wheel kit must be requested when the table is ordered, because it needs to be fitted with specific legs, and is comprised of two wheels with brakes and two normal wheels with chrome metal supports.
